RAM BOARD
TEMPORARY FLOOR PROTECTION

WHAT IS RAM BOARD?

Ram Board is a heavy–duty, temporary floor protection engineered for Contractors. Designed with cost and efficiency in mind; it lays out fast and is re–usable. Ram Board is non–staining and utilizes its Flex–Fiber™ technology allowing for the curing of new floors on jobsites.

HEAVY–DUTY FLOOR PROTECTION

Ram Board is 30.48 metres long x 965mm wide giving you 29.42 square meters in every roll. Ram Board combines exclusive spill guard technology with a thickness of 1.15mm protecting surfaces from water, paint, & mud. Ram Board is quick and easy to install and most importantly lays flat.

Ram Board can be used in many applications. In addition to protecting floors, Ram Board is used to protect other surfaces including: Countertops, Wall surfaces & Stairs.

PROTECT YOUR PROJECT

• Temporary floor protection
• Heavy–duty – Re–usable
• Lays fast & flat
